To Whom It May Concern:

Subject: Corrections to Color Blindness Corrective Lens Inventors

Let this letter serve as consent to remove Toshiaki Shirai from the list of inventors for the color blindness corrective lens patent application. The error was unintentional and we would like to revive the patent application with the correct inventors at this time.

The delay in filing the required reply was unintentional as I have been traveling a great deal and Mr. Shirai, whom is our only point of contact with the inventors, was in the hospital dealing with a personal medical emergency.

I hope that this letter will be sufficient for the purposes of reviving the patent application.

Best Regards,

Dear Sir or Madam:

This letter is to inform you that there was no deceptive intention on my part for being incorrectly listed as an inventor of the color blindness correcting lens patent application. The parties translating the Japanese patent misunderstood my role as assignee and mistakenly listed me as an inventor.

I hope that this will satisfy any requirements for reviving the patent application with the correct inventor names.

Regards,

Toshiaki Shirai
